Rodney Boyce, Administrator contacted all available Board of Health members concerning a ten percent salary advancement (to mean increase) for Marsha L. Bailes, Acting Nurse Director. Mr. Boyce explained that Mrs. Bailes had worked since June 1, 2010 as Acting Nurse Director without receiving compensation for the position and the increased responsibility. The Health Department has been working with the West Virginia Department of Personnel to properly classify Mrs. Bailes to reflect her current duties, but the process has not been completed. As the classification process stands, Mrs. Bailes will likely be classified as a Nurse 3 as an upgrade from her current Nurse 2 classification. Nurse 3 is a one paygrade increase. The pay increase will begin for the pay period ending December 30, 2010.

All Board of Health members contacted voted in favor of the pay advancement.
